

Why's "Gets-It," for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling

"Never in My Life Saw Anything Act So Quickly and Magnificently as 'Gets-It'."

corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right off "clean as a whistle." Apply it in 2 seconds—put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and scissors, no tape, no trouble. It's simplicity itself, sure, quick, painless. Try it also for bunions and warts.

"Gets-It" is sold at all druggists, 25c a bottle, sent direct by E. Lawrence & Co., Chicago.

Sold in High Point and recommended as the world's best corn remedy by the Mann Drug Company and the Hart Drug Company.

Mr. and Mrs. O. E. Mendenhall entertained the Friday night Auction club last week in a very pleasing manner.

Remember the great serial "The Broken Coin" appears each Thursday in The Review and shown each Saturday at The Broadway.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

THE SLEEVE IS THE THING.

Just at present the sleeve is the thing. To be sure, it is disputing style supremacy with the barometric position of the collar and whether the waist is to be a collapsible affair or accordion plaited, but every new model for fall seems to have had special attention paid to the sleeve design. Skirt styles seem to have arrived at one definite and widened conclusion. Bishop sleeves and the angel flare are in again. Cuffed effects will be in good style position—in fact, it is agreed among makers that sleeve decorations will be broadly used.

UNCLE JUD'S ADVICE TO ADVERTISERS.

Newspaper advertising should be looked at in this way:

It's either an investment, worth the cost, and bound to pay.

Or it's something that a fellow had better not attempt at all.

To dabble in it makes what I a wicked waste would call.

First rid yourself of the idea, whoever put it there.

That you will spend some amount "whatever you can spare"

If your investment brings adequate returns;

If you'd increase and multiply the sum your money earns.

The volume of the returns desired should be proportionate to

The sum you spend I hope, my friend, I make this plain to you.

The merchant whose announcements are worth money, say, to me,

Will find his customers increasing very rapidly.

While if the other fellow's advertising outshines yours,

Folks will believe his goods are best, and buy them just as sure's I'm writing this; if of the melon you too want a slice

You'll ponder on these words and profit reap from my advice.
